Standards and Specifications for Timber Products Acceptable for Use by Rural Utilities Service Electric and Telecommunications Borrowers; Correction

AGENCY: Rural Utilities Service, USDA.

ACTION: Final rule; correction.

SUMMARY: The Rural Utilities Service published a final rule in the **Federal Register** on June 24, 2011, which amended its regulations on Electric and Telecommunications Standards and Specifications for Materials, Equipment and Construction, by codifying specifications for wood poles, stubs and anchor logs, wood crossarms (solid and laminated), transmission timbers and pole keys, and for quality control and inspection of timber products. The Agency also updated these specifications to conform with revisions to the American Wood Preservers' Association (AWPA) standards and follow agency policy on insurance requirements. The document inadvertently published incorrect percentages that would require rejection or re-inspection of the entire lot of poles. This document corrects these errors.

DATES: The correction is effective May 18, 2012.

FOR FURTHER INFORMATION CONTACT: Requests for additional information should be directed to Mr. H. Robert Lash, Transmission Branch, Electric Staff Division, Rural Utilities Service, U.S. Department of Agriculture, Room 1246, STOP 1569, 1400 Independence Ave. SW., Washington, DC 20250-1569; telephone: (202) 720-0486, or, email: Bob.Lash@wdc.usda.gov.

SUPPLEMENTARY INFORMATION:

Need for Correction

As published, the final rule describes in detail the responsibilities and procedures pertaining to the quality control for crossarms as specified in 7 CFR 1728.202. In this section, RUS inadvertently requires a 5 percent rejection or re-inspection of the entire lot of poles. The Agency is correcting this percentage inaccuracy in §§ 1728.202(f)(3)(i)(B), 1728.202(f)(3)(i)(C) and 1728.202(f)(3)(ii)(A) by replacing it with a 15 percent rejection or re-inspection of the entire lot of poles. The correct percentage of 15 appeared in the proposed rule and the Agency did not receive any adverse comments regarding it.
